PROJECTS LUXURY APARTMENT IN LONDON

PROJECT HOSPITALITY LOCATION: LONDON, UNITED KINGDOM

Being a design brand inspired by Nature's strength and some of the most interesting cultures around the world, BRABBU takes a lot of pride in having its pieces featured in some wonderful hotels across the globe.

When a luxurious hotel in London was recently renovated, BRABBU was one of the brands whose pieces were specified for the project. All seven flours, including a total of 156 elegant rooms and luxurious suites, were uplifted thanks to the combination of statement pieces, precious fabrics and rich colors.

The oh-so-elegant hotel interior is both fresh and classic, unconventional and timeless. Luxurious green nuances and other trendy colors contrast with gold accents, creating a striking first impression.

IBIS Armchair, PHONG Wall Light and NAJ Bar Chair were some of the pieces picked up for this fabulous project that breaths fierceness and pure elegance. Each room provides a luxurious experience while telling a story from the nature and the world. More than a room, it is space full of memories and unique sensations. A true gift for the senses.

PROJECTS TRIBECA LOFT IN NEW WORK

PROJECT RESIDENCE LOCATION: NEW YORK, USA

A new luxury loft in New York, the Tribeca Loft is a project born from the collaboration between the two high-end design brands DelightFULL and Essential Home. These two brands are characterized by a mid-century style that comes perfectly together in this project, creating a sumptuous interior design. The luxurious ambiance is reached by a careful and well thought out combination of all the design elements, from the color the walls are painted to the little details in every piece.

For this project, the color scheme chosen is based in a neutral color pallete, with golden and nickel details, in order to create a sophisticated atmosphere, typical of New York City. At the same time, this ambiance is the perfect balance between the vintage and the contemporary, giving life to the mid-century modern style that distinguishes these two luxury home design brands.

With light fixtures by DelightFULL, a brand that is well-known for producing luxurious and unique lamps and lavish, sumptuous furniture by Essential Home, this Tribeca Loft Project combines the New York City cosmopolitan vibe and the mid-century style, achieving a splendid and magical aura.
