## BOCA DO LOBO | EXCLUSIVE DESIGN

---

### DRIVING UNMATCHED DESIGN AND SKILFUL CRAFTSMANSHIP.

Boca do Lobo is Portuguese design brand that is turning modern furniture and the industry on its head. Introducing a time-defying vision towards its aesthetic, and pushing a new dimension of detail, we strive towards changing the whole game.

Our creations and work demonstrate the excellence of forgotten arts, using materials and techniques that are partly traditional and partly evolutionary, never leaving behind an experimental edge with forward thinking outlook.

Design is ingrained into our DNA, where each piece embraces uniqueness, in a timeless character. It is our mission to break arts, and surprise the public with every creation.

This begins with the movement of our designers' pencils, brought to existence by the hands of our artisan craftsmen that master a wide variety of skills and techniques. It all comes down to a story where designers and artisans share the best of both worlds, and create one-of-a-kind luxury furniture, pieces that evoke a strong emotional connection in those who come in touch with them.

*"Boca do Lobo seeks for its pieces to be more than simply a decorative object. We want people to connect with them emotionally as we do. Each piece was created to overcome the barriers of time and accompany people at all times of their lives."*

With a portfolio that includes 5 collections, we are able to touch upon several design aesthetics and lines, and reach a variety of divisions and utilities, for each of our pieces. Boca do Lobo's core characteristics are inherently felt throughout each collection, which find themselves in constant development.

We believe that these are the key ingredients needed to carve a mark in the timeline of furniture design.

At 10 years young, we are only getting started.

## COOLORS | COLLECTION

The power of color is a cool phenomenon which inspired the creation of the COOLORS collection. Colors play an important role in our physical environment. They are used for their aesthetics as well as their ability to influence the human psyche through the stimulation of one's visual sense. Colors induce many emotions and states of mind most of which are subjective, however some are more universal such as the ability of warm colors to create a feeling of comfort and the calming effects of cool colors. By associating color sensations with our collection, we intend to stimulate emotions that allow all who come in contact with our designs the chance to identify themselves with them and bring some color into their world.

### MIDCENTURY MODERN LIGHTING

DelightFULL's lighting embodies a sincere passion for innovation and a true dedication to the revival of local artisan craftsmanship through long-lasting masterpieces.

"Strongly sculptured forms, reduced shapes, clear lines and plenty of color splashed by a retro code - this is what characterizes our collections. The styling is luxurious but always effortless. Groovy elements are unconventionally reinterpreted. Charismatic shapes and noble materials create an elegant look of modernity with a smart sense of joy" by designer Diogo Carvalho.

#### HERITAGE COLLECTION

## BRABBU | DESIGN FORCES

---

BRABBU IS MORE THAN A DESIGN BRAND,  
IT IS A STATE OF MIND.

BRABBU is a design brand that reflects an intense way of living, bringing fierceness, strength and power into an urban lifestyle. We design and produce a diverse range of furniture, like casegoods, upholstery, lighting, rugs and accessories that tells stories from the nature and the world.

Created in 2011, BRABBU debut for the interior design community was in September at Decorex International trade show in London. Since then, the brand regularly attends in the main design events like Maison & Objet Paris, iSaloni Milan, Light + Building Germany, ICFF New York, High Point North Carolina and AD Show New York, among many others.

Besides the shows, BRABBU has been chosen to be part of important residential and hospitality projects like The Emirate Hills in Dubai by Nikki B Interiors, The Castel Brac à Dinard Hotel in France by Sandra Benhamou or the ERWIN restaurant and bar in Moscow by MMZ Project...

Since November 2015, BRABBU has also a new home: the COVET London Apartment, gathering luxurious furniture pieces in the heart of Chelsea.

The most iconic pieces were featured in renowned interior design, architecture and decoration magazines: Elle Décor, Bridge for Design or Residence Russia are some examples, being the cover of several ones like AD Russia in 2015.

It was also among the best design brands chosen by AD Collector and AD Choice Germany. BRABBU pieces tell stories from the world, written by materials, textures, scents and colours which live in the nature or are part of the cosmopolitan life. Are you ready to embrace this journey?

## KOKET | LOVE HAPPENS

### DEAR KOKET DEVOTEES

Never has the time felt more right for me than now to develop a brand that is truly a personal reflection of who I am. KOKET offers a glimpse into my world and everything that moves me. It is what I believe in, where I have been, and where I will take the brand; all closely tied to my personal growth.

I am comfortable taking risks—and often, turning heads and commanding attention. KOKET is not about design trends or fulfilling design voids. It is a highly edited collection—not just of pieces of furniture, but a collection filled with the experiences, simple pleasures, passions and life events that have shaped me.

My Guilty Pleasures and Exotic Opulence collections are composed of dramatic case goods, luscious upholstery, exquisite lighting and decadent furs, made from sought-after, high quality materials.

Within my collection, I embody the multiple, complex and beautiful sides of a woman, truly speaking to her inner desire. My favorite representation of this is the striking Divine Armoire. The natural iridescent peacock feathers represent the exotic inner goddess, while the golden ribbon handle channels the fantasy and innocence of a young girl. The interior is lined with decadent antique mirror, a finish that helped inspire my creativity and the creation of KOKET.

I am constantly working to grow the brand to offer women the KOKET lifestyle. I am pleased to say that in 2016 KOKET plans to launch their own fabric collection filled with an array of plush velvets, smooth satins and supple leathers.

Through KOKET I will share ma joie de vivre and coquettish frill while empowering you to follow my lead and take risks to create your own sense of individual style—for yourself, your home and your life.

Fall in love with KOKET and let me empower you through my collection!

With all my love,

*Janet*

### FANTASY AND MAGIC IN ONE WORLD

CIRCU was built from a dream! And that is to allow children to realize their own dreams and to give them the chance to live in their magical world. CIRCU is the ultimate expression of being young, spontaneous, colorful, innocent and pure.

CIRCU is introducing a whole new world and a whole new state of mind. CIRCU is much more than a furniture brand, we craft dreams and work with the realm of fantasies. Our mission is to team up with parents and help them reach their inner child while at the same expanding their children's imagination and creativity. CIRCU wants to create educational moments through our dreamlike ambiances. Emotional Intelligence is one of the most important aspects during the very first years of any child's life, so our commitment is to push it forward and to cultivate it.

For kids, their bedroom is more than just a place to sleep. It's where they do schoolwork, play games, roughhouse, read, daydream, play with friends and stockpile toys. As you plan your child's bedroom, you'll need a space that serves all those functions. CIRCU will present to you some of the most amazing bedroom décor ideas, to help you create their dream bedroom.

Now parents cannot punish their children by telling them to go to bed earlier or to go to their bedrooms. With CIRCU the bedroom will be their favorite room of the house. Parents will have to be more creative when punishing their little rebels!

## ESSENTIAL HOME | MIDCENTURY FURNITURE

### GATHER YOUR FRIENDS AT HOME WITH A GLASS OF GIN

Essential Home is the epitome of thoughtful bohemian design. Its unique designs, characterized by a colorful mélange of materials, merge important historical references from the '30s up to the 60's with contemporary influences.

The harmony between masculine and feminine, classic and contemporary, softness and boldness, is integral to the brand's sharp sense of eclecticism and daring iconic style.

Essential Home deals with different, intimate and cozy ambiances that express the elegance and refinement of a luxurious home with a midcentury modern signature.

#### A CAREFUL ANALYSIS OF THE '50s.

A union characterized by sensitivity, colors, matter and design. Here is how the ambiances, through a strongly evocative connotation of the '50s, give their guests a sort of union between past and present.

Through the use of real, ageless materials such as solid walnut and oak combining it with eye catching brass and the characteristic smell of real leather, this results in an eclectic atmosphere, characterized by matt, soft and cozy tones.
